

# FINDING OUR STUDIO

*alisha*  
NYCOLE

**When using a GPS to find our location, please ONLY USE GOOGLE MAPS. And look up Alisha Nycole & Co.**

**If you use IMAPS from your iPhone, Garmen, or any other GPS function you will be brought to the wrong area!**

**While traveling down 13th street you will be prompted to TURN RIGHT onto Simon Blvd. (There will be large, old brick buildings and a large square sign "SILK EASTON")**

**As soon as you turn Right onto Simon Blvd you will be in the Simon Silk Mill complex.**

**Drive straight until you come to your first intersection. Building K/BoserGeist Brew Company will be directly in front of you to the right.**

**Make a right at that intersection.**

**You will see a much smaller building labeled Building J right next to building K. There is an overhang with parking underneath.**

**That is our building. You can park wherever you can find parking and then walk under that overhang. We are in suite J106.**

**Please just walk right in and introduce yourself. If there is no one in the space please do not be alarmed, the restroom is a common restroom down the "hall" from our space and there is a good chance your artist/stylist may have stepped out briefly to use the restroom prior to your arrival.**

**Make yourself comfortable and enjoy your time!  
This is the fun part! :)**
